

Youth PITCHING LESSONS IN NAPLES, FL

Let's get 'em throwing strikes and keep that arm healthy.

I'm Coach Deising. I work with kids 8–16 here in Naples, and I'm the JV head coach at Gulfshore High School.

Parents, travel teams, coaches, schools. If you're in a kid's corner, come on.

HOW WE TRAIN

Book an evaluation. Then I'll tell you which pack I'd actually use.

1

BOOK AN EVALUATION

Age, goals, and schedule. Parent, coach, travel team, or school.

2

WE'LL RESPOND WITHIN 24 BUSINESS HOURS

We'll hit the number you left.

3

WE MEET ONCE

We talk about your kid, then I recommend a pack that fits.

4

MONTHLY OR CHECK-IN

Monthly Strikes Pack is the main plan. Busy-Week Check-In is the add-on.

THE EVALUATION

One visit. Warmup first, a couple cues they can remember, then a pack that fits the week.

1

WARMUP

Arm care first. Same routine they can use at practice, not just with me.

2

A FEW CUES

One or two things they can actually remember.

3

THEN A PACK

Monthly Strikes Pack, or a Busy-Week Check-In if the week is packed.

4

ARM CARE STAYS IN

Warm-up and cool-down are part of every lesson. I don't skip that stuff.

PACKS AFTER

EVALUATION

Meet once. We talk about your kid, then I recommend Monthly or Check-In.

MONTHLY STRIKES PACK

The main plan after the evaluation. Regular work and a clear next practice.

BUSY-WEEK CHECK-IN

An add-on when the week is packed. A short look, then back to the plan.

Exact dollars come after we talk, not here. There's no walk-up shop. We'll share the meeting location after you book.

"Coach Nick is amazing with young athletes! He has been working with our 9 year old son and the progress is impressive. His strike consistency has greatly improved as well as his throwing mechanics."

GRACE, TRUSTPILOT

"He takes the time to teach the kids proper warm up and cool down as well as how to go about being a pitcher. We will continue to utilize him for our travel team."
